SCHOOL DAYS

For She's A Jolly Good Fellow!

It has been said that the twin purposes of education are information and inspiration. Mrs. Edna Quillin embodies these two aims as she goes about her daily work in the library of Gate City High School. Mrs. Quillin has many endearing qualities. Her goodness, her kindness, her patience, her love for students contribute much to the education of each student.

People are honored, not for what they receive, but for what they give. Mrs. Quillin has given much. A life that counts is one that leaves the world better.

Among the riches of life are friendships with good books, good souls, and great causes. Mrs. Quillin has introduced us to these.

Education has many subjects, but one object: a wholesome, effective life. We are grateful to Mrs. Quillin for setting such a splendid example.

It is with love and gratitude that we, the staff of the 1967 Blue Devil, dedicate our book to Mrs. Quillin.

JAMES M. OLINGER, JR.

PRINCIPAL'S MESSAGE

Wendell Johnson has said that "The future from which we can never escape swiftly becomes the past which we can never recapture." As I look forward today, October 10, 1966, I see a yearbook which describes our school not only for 1966—1967 but also one which points to a more promising future.

It is with gratitude and pride that we express to the Annual Staff our sincere thanks for a task well performed. The Staff portrays the many changes that are here and now, such as curriculum change, change in the nature of teacher presentation, new library materials and services, new physical facilities for health and physical education, as well as improved building and grounds. Much talk, some hard facts, and a great deal of money have provided these changes.

Major efforts have been made by the Board of Education to improve the quality of education in Scott County. Major contributions have been made and are being made to upgrade education by all the people of our county. The faculty and students of Gate City High School would like to say "thanks" to those who have helped, and we sincerely hope that you may continually work with us.

Putting together an annual takes many hours of planning and work on the part of the staff. Nevertheless, it has been a privilege to serve the student body in this capacity.

We sincerely hope that this book will be not only one you may be proud of now, but one that will bring you pleasant memories in the years to come.

To our faculty advisor, Mrs. Frances Ann Culbertson; our principal, Mr. James Olinger; and our many advertisers, the staff would like to express our gratitude for their help and co-operation.

Chorus Club

The Chorus Club consists of those students who enrolled in chorus and have a genuine interest in music. Under Mr. Hartgrove's able guidance, the Chorus Club has added much to the school's many programs and assemblies. Also, the Chorus Club usually gives an annual Christmas and spring concert, and almost always produce at least one or two All-State Chorus members.

Forensic and Dramatic

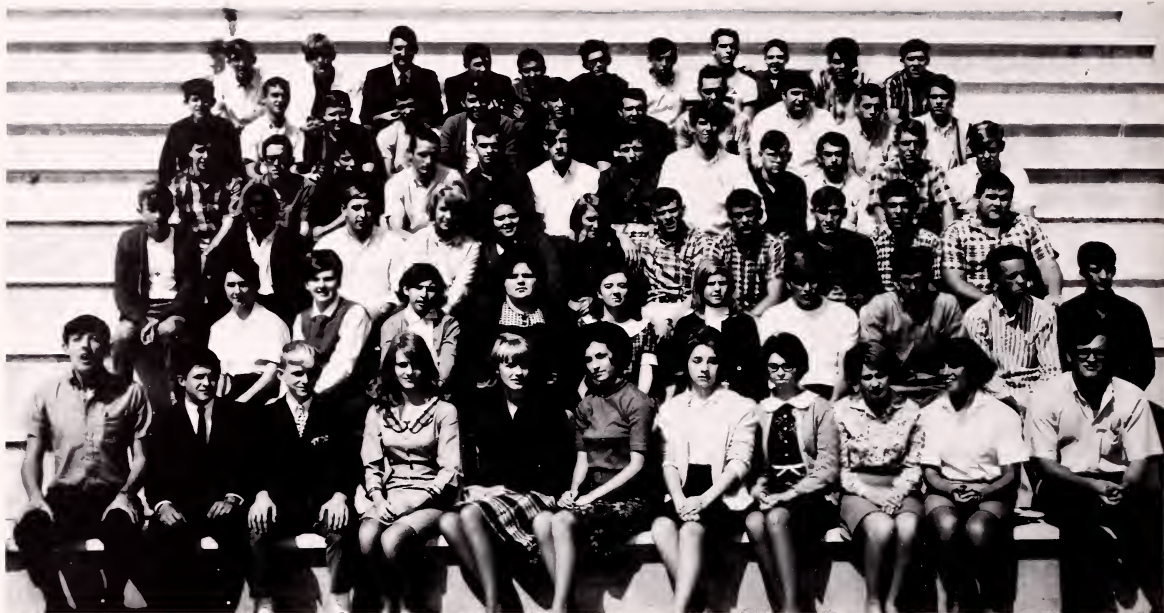

The purpose of the Speech Club is to teach the members the fundamental principle of public speaking. It is the aim of the Speech Club to install in its members a sense of individual worth as citizens, not only of today but also of tomorrow. The presentation of "The Ten Little Indians" in the fall and of three one-act plays in the latter part of the year will highlight this year's activities along with the club's annual trip to the Barter Theater in Abingdon, Virginia.

Brush and Palette

The "Brush and Palette", the Gate City High School Art Club, was organized with the purpose of developing the potential artist and art enthusiast. The ultimate aim of the "Brush and Palette" is to help the individual in his preparation to solve problems, to contribute in a personal way to life about him, to understand himself and others better, and to appreciate the place of art as a universal language.

Commerce Club

This year the Future Business Leaders of America was reorganized into the Commerce Club. The newly-formed organization gives valuable opportunities to those students wishing to enter the world of business. The Commerce Club provides experience for its members in bookkeeping, accounting, and introduces the concepts of economics.

Membership in the club is usually restricted to only those students enrolled in a business course; however, any student who is interested in business may join.

The purpose of the Future Scientists of America is to promote both academic achievement and scholastic interests in the physical and biological sciences.

This year's club has strived to be the best since its organization.

The club entered several projects in the Science Fair at Clinch Valley College in Wise, Virginia.

At the end of the year, the members and sponsors may journey to Oak Ridge, Tennessee for a tour of the nuclear reactors there.

The members of the National Honor Society are proud of their standing because they have applied themselves well to their studies so they might become a part of this organization. In order to qualify for membership a student must meet very high standards.

Established in 1959 our chapter of the National Honor Society, the Opeprudentia Chapter, has rendered many services. Though it is a nationwide organization, our Society centers mainly around activities within the school.

The Junior Classical League is an organization composed of all students who are taking or have taken Latin. The club strives to promote Latin not only as a language, but also as a classical way of life. The Junior Classical League studies the history of ancient Roman and Greek civilization.

The club has always been active in school affairs, and this year marks the first time the Junior Classical League has not built a float for the school's annual homecoming football game. The activities of the Junior Classical League consist of an annual Latin initiation into the organization, and a yearly spring dance. The club's sponsor is Mrs. Davis.

The Future Teachers of America is composed of students interested in making a career of teaching.

The Gate City High School Chapter of the F.T.A. was organized in December of 1964. The organization has a two-fold purpose:

1. To identify capable candidates for teaching, and to motivate them to choose appropriate fields of preparation.
2. To offer potential teachers experience in actual teaching situations, and to develop leadership and co-operation through work in various group projects.

Blue Devil Staff

The primary aim of the 1967 Blue Devil Staff was to make this year's yearbook the best possible. We soon discovered that this was no mean feat. Many hours of planning and hard work were required.

This year's Blue Devil has many new features although some basic features were retained.

We, the Blue Devil Staff, hope that you will enjoy your new yearbook and will, in the future years, turn many times to these pages and to the days you should cherish always. We especially hope that this yearbook will keep part of this year alive in your memory forever.

Very funny, Jerry, but we can't use it in the annual!

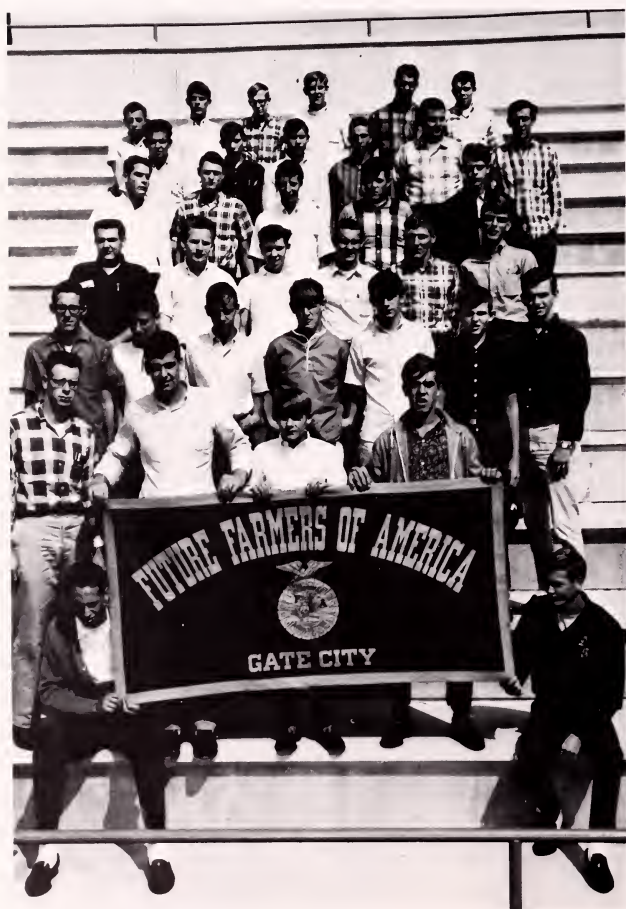

Editor: Helen Marcum

Back to the drawing board, Lynn!

We owe much to this year's Devil Dateline Staff. They have presented us with a school paper which was not only lively and entertaining but truly versatile. For example, there were a variety of articles featured, something of interest for everyone; and most important it appealed to the entire student body in that the same students were not featured time after time. We are indeed proud of the Devil Dateline Staff and especially of its sponsors and editors.

The 1966 Gate City High School football team completed another great season, winning nine games and losing only one. The sole defeat came at the hands of Lonesome Pine Champions Appalachia. It was a heart-breaker, 14—7, and forced the Devils to be content with second place in the District.

The highlight of the season was the Blue Devil's 21—0 win over Church-ill, the first time Gate City has ever defeated that team.

Jeff Baker, the powerful fullback who rushed for over 1,600 yards, became the **fourth** Gate City football player to make the first string All-State team. Center Tommy Godsey was given Honorable Mention on the All-State team. Godsey and Baker also made the first string All-District Team.

The men who guided the team through the season, the coaches, deserve special credit. On their shoulders rests the responsibility of getting the team ready for the upcoming season, which is really a trying task. Head Coach Harry Fry and assistant coaches John Vicars, C. G. Mainous, and Jim Moore are to be congratulated for the fine jobs they have done.

Varsity Basketball

In keeping with past traditions, the Blue Devil basketball squad won their third consecutive Lonesome Pine District Championship.

Coach John Vicars, who took over the helm last year as varsity basketball coach and led the 'Devils to two straight district championships is to be commended on the fine job he has done.

Congratulations are also in order for all the players who give their utmost in order to assure another Blue Devil victory. This year's team, paced by Greg Carter, who was selected Most Valuable Player in the district, was the first in the school's history to have an undefeated season.

History repeated itself for the Gate City High School track team, as the Blue Devil Thinclads brought home this second consecutive Lonesome Pine District track championship, and the third such championship in four years. Undeclared throughout the regular season, the Devils culminated a perfect season by copping the District title.

Coach Mainous is to be congratulated for his fine work in coaching the track boys to so many victories over formidable opponents. His wisdom and guidance help the faster boys on to even greater victories while he encourages the slower boys to improve their performance so as to help in the scoring.

The 1967 season promises to be another exciting one, with the Blue Devil trackmen anxious to defend their undefeated record and District title. It has also been planned for the team to compete in the Virginia State Track Meet in the latter part of May.

If past performances are any indication of things to come, the Blue Devil trackmen should retain their supremacy in 1967.

The 1966 Gate City High School team was determined to keep the school's reputation of producing winning teams. Under the watchful eye of coach Harry Fry, the excellent pitching staff, alert infielders, fast outfielders, and hard-hitting batters produced another great season for the Blue Devils.

The 1967 baseball team will be coached by Jim Moore, and with veterans returning at every position, the outlook is bright for another winning season.

In forty-five years, Tennessee Eastman has grown from a small group of determined men to an industrial force of over 9,500 people. The Company's continuing growth is due, in no small measure, to the loyal and dedicated efforts of these men and women.

George Eastman once said "What we do during our working hours determines what we have; what we do in our leisure hours determines what we are." These 9,500 Eastman people and their families, joining with their neighbors in the civic, religious, governmental and recreational activities of their communities have made a better place in which to live. Doing their share in their leisure hours has, indeed, determined what they are—and helped make their communities what they are.

TENNESSEE EAST

The Company is proud of the contribution Eastman people have made to the progress of their communities. By growing and prospering, Eastman makes a contribution to the economy of the area. Through wages, salaries and benefits paid, materials purchased, taxes, and transportation costs paid in Kingsport, Eastman's contribution to the area's economy has grown steadily through the years. For the year 1965, this contribution exceeded 130,000,000.*

Paid to and for the benefit of	
Eastman employees in Tennessee only-----	86,534,000
Freight and express paid by Eastman in Kingsport-----	13,207,000
Materials and services purchased from firms in Tennessee (including coal from Virginia & Kentucky)-----	28,422,000
Taxes paid by Eastman in Tennessee (exclusive of Federal taxes)----	4,863,000
	133,026,000
Less products sold to Tennessee customers-----	1,868,000
Trade balance to Tennessee and Kingsport area-----	131,158,000

*The figures shown here do not include wage and salary payments made to Holston Defense Corporation employees, nor the materials and services purchased by that organization. Holston Army Ammunition Plant is a government installation which HDC, an Eastman organization, operates under contract. Its operation also adds materially to the economy of the area.
